WHAT IS RIFA?

Football. Reimagined.

An international robot football championship inspired by the World Cup. Teams build robots, compete in official matches, and represent their countries.

01

MATCHES

Score more goals than the opponent.

02

INNOVATION PROJECT

Solve a real challenge in football.

FINALS DATE

THE RIFA JOURNEY

From Building the Robot to Lifting the Cup

01

BUILD

Build the competition robot.

02

PREPARE

Test and refine performance.

03

REPRESENT

Compete under your flag.

04

COMPETE

Progress through the tournament.

05

INNOVATE

Solve a real football challenge.

06

WIN

Lift the RIFA World Cup.

A photograph of two young boys with curly hair, wearing black t-shirts with the 'RIFA WORLD CUP' logo. They are both cheering with their mouths open and one has his arm raised in a fist. They are holding large, complex robots made of grey and yellow plastic parts. The background is a dark arena with blue stage lights.

Competition Categories

CATEGORY ONE

RIFA U13

Ages 13 and under. Teams operate their robots by remote control.

A photograph of four teenagers (three boys and one girl) wearing black t-shirts with the 'RIFA WORLD CUP' logo. They are standing in a row, looking serious and focused. They are holding their robots, which are made of grey and yellow plastic parts. The background is a dark arena with blue stage lights.

CATEGORY TWO

RIFA U18

Ages 18 and under. Teams program their robots to compete autonomously.

The Game Challenge

Two Halves. One Result.

Preparation Round

Teams complete the required field-preparation tasks, including clearing designated balls, cones, and other field elements.

Game Round

Each team collects balls from its designated ball dispenser and attempts to score in the opposing team's goal.

MATCH RESULT — Highest number of valid goals wins.

Detailed match timing, field rules, scoring, and penalties are provided in the Official Competition Rulebook.

01 — Preparation Round
